SoulCollage at the Newton County Library every third Thursday of the month. Join us for a foray into the message of your soul. Program begins at 1 pm.

#### Discover Your Wisdom. Change Your World!

SoulCollage® is a process of collaging images that can be used to access your own intuition to change your world in a positive way. Each card you make represents a piece of your soul.

SoulCollage® begins as a simple, creative fun and quickly becomes so much more! Combine your intuition with your imagination and create a digital spiritual deck of cards that will accompany you on your life's journey.

Learn more in a class or workshop!

### Ghost Stories at the Library

Gary Weibye grew up in small town Minnesota and taught for many years in the public school system before moving to Jasper Ark. and embarking on his new adventure as a writer.

Gary has written several books, most of which we have in our Arkansas section at the NCL. Check out one of his books next time you come in. They are great reads!

Gary will be here on Wed., October 31, at 1:00 pm to discuss the origins of ghost stories and to tell some ghost stories to our patrons. Come out and trick or treat your library! We would love to see you.
